Industrial Inkjet Printer =>> Model: ZGPMJ-K58 (For Black/White/ Yellow/Red/Blue Ink)

Description: This machine is use in the beverage, foodstuff, inebriant, medical, chemical, commodity, construction material, floor board, plastic, electron, cable, seeds, tobacco, lube, sanitary towel and automobile manufacturing.

Features:

1．LCD control, automatic switch, easy change the menu from Chinese to English, with the function for pictures & characters edit.

2．Automatic self-clean the ink system & nozzle, diagnose the malfunction and service for the problems. Warning the users when is run sort of the ink.

3．Advanced AMP CMOS chip, spaceflight industrial supply the separates, stainless steel for crust, 304&316L hardware, meet the IP95 standard.

4．Advanced viscosity meter for automatic regulates.

5．Working with out computer control, can save 40 messages for difference requirements.

6．Use the photoswitch & coder as localizer, faradic N times for inkjet.

7．32 Dot-matrix can choose any kind of the edition modes.

Technical Specification:

Model	ZGPMJ-K58
Printing lines	1-4lines
Voltage	220V±10% / 110V±10%V AC, 50-60Hz
Letter Dot-Matrix	4×7、7×9、5×7、6×11、8×16、11×24、12×12、16×16、24×24、32×32
Chinese Characters Dot-Matrix	12×12、26×16、16×16、24×24
Number Dot-Matrix	4×7、7×9、5×7、6×11、8×16、11×24、12×12、16×16、24×24、32×32
Ink expend	500ml ink can print 60,000,000 dots.
Printing lines	1-4lines
Speed of print	6 m/Sec（5×7 Dot-Matrix）
Voltage	AC220V±20%/50Hz
Letter Dot-Matrix	4×7、7×9、5×7、6×11、8×16、11×24、12×12、16×16、24×24、32×32
Chinese Characters Dot-Matrix	12×12、26×16、16×16、24×24
Machine Size	370×270×520mm
Packing information	520×340×750mm
	570×280×370mm
Gross Weight :	48kg
